WHY THE SUMMIT?

Studies have shown that women are a third more likely to start a business out of necessity than men due to their financial situation. They are also the most averse to taking the risk of starting a new business, due to not knowing where to start or where to find advice. Astonishing 70% of women entrepreneur’s businesses fail due to lack of women role models, mentors, resources and low self-confidence (fear). This November 19th, 2018 the C2 Your Health Women’s Initiative (5013c) aims to fix precisely that, by educating and empowering women to find success in business and fulfill the multiple roles in their lives.

WHAT IS THE SUMMIT ALL ABOUT?

It’s about women entrepreneurial success. The summit is a fast paced 6-hour event providing the opportunity to connect with 20 women entrepreneurs, the perfect platform for aspiring women entrepreneurs to get inspiration, education and empowering advice by bringing together business leaders, entrepreneurs and investors to empower women in entrepreneurship, leadership and relationship.

The Women’s Entrepreneur Summit – Round Tables for Success includes multiple inspirational women entrepreneurs, panel discussion with Q & A, round table discussions and lunch. Topics such as scaling-up and growth strategies, next-generation innovation, and business strategies will be discussed, along with sharing inspiring stories by extraordinary women in our community. This is where women entrepreneurs and future entrepreneurs can gain insights, tips, and inspiration from other fellow women to be a better you, and how you can reach your goals without compromising your personal commitments.

OUR BENEFICIARY: *All the proceeds from the Women’s Entrepreneur Summit will go to C2 Your Health Women’s Initiative Inc. (5013c) providing women entrepreneur mentoring to high school girls, women in college and women from low income neighborhoods. \$500 pays for 1 girl/women for 1 semester (15 weeks) of mentoring in the Nutripreneur© Fellowship program.*

If we want to inspire change, women need to be at the table strategizing about how we can change together. Alicia Tilman, CMO SAP
